

## FAMILY OWNED & OPERATED SINCE 2001

J.E.M. Polydoor opened its doors in the small town of Fordwich, ON over 20 years ago, introducing a new translucent overhead door solution. A breakthrough product changing the game forever. Since then, we have often been imitated, but never duplicated!

We offer more overhead door solutions to meet your needs. If the poly-door is not what you are looking for, we offer multiple traditional overhead garage doors including steel insulated, rolling steel, dock levellers and more. Give us a call today!

**FOR YOUR NEXT PROJECT,**  
INSIST ON THE BEST.  
CUSTOM DESIGNED TO  
MEET YOUR NEEDS.

- > **Light weight, durable and reliable**
- > **Numerous options for a custom fit**
- > **For all applications, from residential to industrial and everything inbetween!**

## BUILT TO LAST

Unlike conventional metal panel doors, our overhead doors will never rust and resists rot, providing you with several years of worry free use and an aesthetic appeal. J.E.M. Polydoor was the very first company to originate the idea for using a transparent polycarbonate material in place of the traditional solid metal panels for overhead doors. Since our breakthrough, we have been often imitated, but never duplicated.

## FEEL CONFIDENT

ABOUT YOUR NEXT

## PROJECT,
